

TRIDENT™ ODYSSEY

AVAILABLE WORLDWIDE 1/12/2022

MEDIUM-HEAVY OIL

The Trident™ Odyssey is the epic new addition to the popular Trident™ line. Featuring an aggressive cover and the return of a past favorite core, the Trident™ Odyssey creates maximum hook without giving away down lane motion. Designed for control in medium-heavy to heavy oil conditions, the Trident Odyssey is a necessary addition to the bag of any bowlers encountering higher volumes of oil.

COERCION™ FYS SOLID REACTIVE

The Trident™ Odyssey features the most recent tweak to the Coercion™ coverstock system, with the introduction of Coercion FYS (Full Yield Solid). The uniqueness of the Coercion FYS cover is that it creates vast amounts of hook for the bowler without reading so early that it loses down lane continuation.

TURBULENT™ WEIGHT BLOCK

The Trident™ Odyssey is designed for control in heavier concentrations in oil, which is ideal for the low rg and high diff of the asymmetrical Turbulent™ core.
15# RG: 2.49
15# Diff: .054
15# Int. Diff: .017
Flare: 7"+

2000 GRIT LSS FINISH

A 2000 Grit LSS finish pairs with the Coercion™ FYS Solid coverstock to provide substantial amounts of traction in heavy oil conditions.
